REGULAR BOARD MEETING FY26

THURSDAY, MAY 28, 2026

AGENDA #12B3 BUDGET HEARING FY27 FEE INCREASE

Agenda Description – Budget Hearing on Proposed Fee Adjustments

This public hearing will provide information and receive public comment on proposed student fee adjustments.

The proposed changes include:

- An increase to Driver’s Education fees to reflect the transition away from virtual instruction through IDLA and the return to required face-to-face classroom instruction
- A \$5 increase in student parking fees to help offset rising costs associated with parking lot maintenance and upkeep.

In addition, Idaho requirements stipulate that any fee increase of 5% or greater must be presented in a public budget hearing prior to board action.

This hearing satisfies that requirement.

The Board will hear public comment on the proposed fee changes prior to considering any formal action.
