

Kimberly School District #414
REGULAR BOARD MEETING FY26

THURSDAY, MAY 28, 2026

AGENDA #1ST READING REVISE 4330 COMMUNITY USE OF FACILITIES

Revision of Community Use of School Facilities Policy – Equitable Access for Kimberly-Based Organizations and Summer Scheduling Alignment

The Board will review and consider revisions to the Community Use of School Facilities policy, consistent with Board direction to ensure equitable access among community organizations and youth athletic teams serving a majority of Kimberly School District students. The proposed changes focus on establishing fair, consistent, and transparent access to district facilities while prioritizing equitable opportunities among qualifying local user groups and maintaining appropriate stewardship of school resources.

In addition, district administration facilitated collaborative planning with all community and youth organizations requesting summer athletic field use. All participating groups were brought together to coordinate scheduling and successfully reached a consensus agreement on summer field usage, resulting in an organized schedule that reflects equitable access and minimizes scheduling conflicts among Kimberly-area youth programs.
